**Poster Presentation:**

**Session A: October 21st (Sat.)**

<table>
<thead>
<tr>
<th>Child and Adolescents</th>
<th>Mind and Social Interaction in Children with Autism Spectrum Disorder: A Review</th>
</tr>
</thead>
<tbody>
<tr>
<td>CA1-1 Screen and Refer Children at Risk of Academic Difficulties by Building a Network between Occupational Therapists and Teachers in Schools of Muang, Chiang Mai District <em>Nuntanee Satiansukpong, Chiang Mai University, Thailand</em></td>
<td><em>Hsiu-Man Chiu, National Cheng Kung University, Taiwan / Kuan-Lin Chen, National Cheng Kung University Hospital</em></td>
</tr>
<tr>
<td>CA1-2 The Predictors of Theory of Mind Performance in Children with Autism Spectrum Disorder <em>Ya-Chen Lee, Asia University, Taiwan</em></td>
<td><em>Ting-Wei Chang, National Taiwan University, Taiwan</em></td>
</tr>
<tr>
<td>CA1-3 Sensory Sensitivity in Real-World Context: Using Video to Examine a Child with Autism Spectrum Disorder’s Performance and Behavior during Toothbrushing <em>I-Chen Chen, University of Wisconsin-Madison, USA</em></td>
<td><em>Man Su, National Taiwan University, Taiwan</em></td>
</tr>
<tr>
<td>CA1-4 Support Provided by Occupational Therapist during Itinerant Consultation for Distressed Nursery and Kindergarten Teachers <em>Kaori Shinoda, Kochi Rehabilitation Institute, Japan</em></td>
<td><em>Min Yen Shih, National Cheng Kung University, Taiwan</em></td>
</tr>
<tr>
<td>CA1-5 Exploring the Social Skill Effectiveness of LEGO Therapy in Children with Autism Spectrum Disorders (ASD) <em>Yi-Chuan Chou, Erlin Christian Hospital, Taiwan</em></td>
<td><em>Hung-Yu Lin, Asia University, Taiwan</em></td>
</tr>
<tr>
<td>CA1-6 The Relationship between Theory of Mind and Social Interaction in Children with Autism Spectrum Disorder: A Review</td>
<td><em>Hsiu-Man Chiu, National Cheng Kung University / Kuan-Lin Chen, National Cheng Kung University Hospital</em></td>
</tr>
<tr>
<td>CA1-7 Bimanual Motor Function of Children with Hemiplegic Cerebral Palsy <em>Ting-Wei Chang, National Taiwan University, Taiwan</em></td>
<td><em>Man Su, National Taiwan University, Taiwan</em></td>
</tr>
<tr>
<td>CA1-8 Relationship between Developmental Disregard and Visual Spatial Attention in Children with Hemiplegic Cerebral Palsy</td>
<td><em>Man Su, National Taiwan University, Taiwan</em></td>
</tr>
<tr>
<td>CA1-9 The Impact of Auditory Stimulation on Reading and Arithmetic Performance of Children with Attention Deficit Hyperactivity Disorder</td>
<td><em>Min Yen Shih, National Cheng Kung University, Taiwan</em></td>
</tr>
<tr>
<td>CA1-10 The Performance of Auditory Attention in Children with ADHD <em>Hung-Yu Lin, Asia University, Taiwan</em></td>
<td><em>Min Yen Shih, National Cheng Kung University, Taiwan</em></td>
</tr>
<tr>
<td>CA1-11 Parents' Experience and Perceived Benefits on Child's Participation in the School Readiness Group Programme</td>
<td><em>Amabel Ng, KK Women's and Children's Hospital</em></td>
</tr>
<tr>
<td>CA1-12 The Related Factors that Affect Writing Legibility of the School-Age Children: A Review</td>
<td><em>Amabel Ng, KK Women's and Children's Hospital</em></td>
</tr>
<tr>
<td>ID</td>
<td>Title</td>
</tr>
<tr>
<td>----</td>
<td>----------------------------------------------------------------------</td>
</tr>
<tr>
<td>CA1-13</td>
<td>The Association between IQ Discrepancy and Motor Competence in Children with Autism Spectrum Disorder</td>
</tr>
<tr>
<td>CA1-14</td>
<td>Feasibility Study of a Kinect-based Bilateral Arm Training System for Children with Cerebral Palsy</td>
</tr>
<tr>
<td>CA1-15</td>
<td>Development and Effectiveness of a Kinect-Based Unilateral Motor Training System for Children with Cerebral Palsy</td>
</tr>
<tr>
<td>CA1-16</td>
<td>Test-Retest Reliability and Concurrent Validity of the Melbourne Assessment 2 in Children with Cerebral Palsy</td>
</tr>
<tr>
<td>CA1-17</td>
<td>The Feasibility of Upper Limb Neuro-Rehabilitation Program for Children with Cerebral Palsy: a Day Camp Model</td>
</tr>
<tr>
<td>CA1-18</td>
<td>Effects of Neurofeedback on Social Learning in Children with Autism Spectrum Disorders</td>
</tr>
<tr>
<td>CA1-19</td>
<td>Working Memory Deficits in Children with Attention-Deficit/Hyperactivity Disorder (ADHD): an Event-Related Potentials (ERPS) Study</td>
</tr>
<tr>
<td>CA1-20</td>
<td>Exploration of Attention Orienting in Children with Autism Spectrum Disorder</td>
</tr>
</tbody>
</table>

MH1-10 A Comparison of the Subjective Well-Being for People with Chronic Schizophrenia in Employment/Unemployment
*Toigo Yamade, Hyogo University of Health Sciences, Japan*

MH1-11 The Effect of Occupational Therapists’ Workplace Climate on their Mental Health and Work Motivation
*Sera Tatsuya, Heisei College of Health Sciences, Japan*

MH1-12 Investigating the Use of Supported Employment in Enabling Young Persons with Psychosis to gain Competitive Employment
*Natalie Ng, Jurong Health Services, Singapore*

MH1-13 A New Dimension of Memory Enhancement for Persons with Mental Illness and Brain Injury – the Prospective Memory Training Program (CogSMART)
*Ka Yan Kason Wong, United Christian Hospital, Hong Kong Hospital Authority, Hong Kong*

MH1-14 The Occupational Adaptation of Chronic Patients with Mental Illness in Work Training
*Chin-Yu Chang, Yuli Hospital Ministry of Health and Welfare, Taiwan/San-Ping Wang, Yuli Hospital Ministry of Health and Welfare, Taiwan*

MH1-15 Outcome of the Vocational Training Program for People with Mental Illness
*Yu Ya Lin, Taoyuan Psychiatric Center, Taiwan*

MH1-16 Factors Associated with the Effectiveness and Reinstatement of the return to Work Program for Patients with Mood Disorders
*Sachie Fukushima-Tanaka, Shinshu University, Japan*

MH1-17 Decline in Dual-Task Performance in Individuals with and without Schizophrenia Spectrum Disorders: Implications for Daily Functions
*Yi-chia Liu, National Cheng Kung University Hospital, Taiwan*

*Kojiro Kawano, Tikumaso Mental Hospital, Japan*

MH1-19 Occupational Therapy Mediated Investigation of Internet Addiction Disorder in Taiwan
*Tsai Chieh Chien, Chung Shan Medical University Hospital, Taiwan*

MH1-20 The Effectiveness of Interactive-Multimedia-Psychoeducation with Adolescents in Preventing Drug Abuse
*Wan-Ju Huan, Jianan Psychiatric Center, Taiwan*

MH1-21 Predicting Recovery of Functional Disability in Outpatients with Mental Disorders by Mathematical
## Modeling Using Ability Assessment Scores during Hospitalization

**Takayuki Kawaguchi**, Kitasato University, Japan

| MH1-22 | The Effectiveness of “Road Running” for People with Severe Mental Illness: A Pilot Program  
Wan-Ju Huang, Jianan Psychiatric Center, Ministry of Health and Welfare, Taiwan |

| GC1-2 | Survey of Seasonal Life Rhythm; Collaboration between Japan and Thailand  
Yu Kume, Akita University, Japan |

## Geriatric Care

| GC1-7 | Investigation of Nonverbal Behavior in Schizophrenia by Videotaped Interviews: A Pilot Study  
Wei-Yun Hsu, National Cheng Kung University, Taiwan |

| GC1-8 | Habits and Roles of Community-Dwelling Elders in Japan  
Yu-Wei Chen, The University of Sydney, Australia |

| GC1-1 | Analysis on the High Risk Factors for Elderly Fall in Hong Kong Hospital  
Daisy Ma, Caritas Medical Centre, Hong Kong |

## Effects of Exercise on Dementia-Related Wandering Behavior—A Literature Review

**Ting-Jung Hsu**, Taipei Veterans General Hospital, Taiwan

| GC1-6 | Effects of Exercise on Dementia-Related Wandering Behavior—A Literature Review  
Toshiyuki Sato, Sangenjaya Clinic, Japan |

## The Review of the Use of Crafts for the Mentally-Illed Clients

**Yijou Cheng**, Kaohsiung Medical University, Taiwan

| GC1-5 | Effect of Exercise on Dementia-related Wandering Behavior—A Literature Review  
Kawasaki University of Medical Welfare, Japan |

## Collaboration of Seasonal Life Rhythm; Thailand

**Yu Kume**, Akita University, Japan

| GC1-3 | Partners’ Functional Disability and Community Activity in Elderly Japanese: The Ohsaki Cohort 2006 Study  
Sachina Komikado, Tokyo Metropolitan University, Japan |

## The Impact of Memory Difficulties on Performing Instrumental Activities of Daily Living among Older Women in Australia: a Longitudinal Study

**Yu-Wei Chen**, The University of Sydney, Australia

| GC1-4 | Pattern in Daily Life of the Active Ageing Elderly in a Thai Suburban Community  
Autchariya Punyakaew, Chiang Mai University, Thailand |

## The Review of the Use of Crafts for the Mentally-Illed Clients

**Yijou Cheng**, Kaohsiung Medical University, Taiwan

| GC1-8 | Habits and Roles of Community-Dwelling Elders in Japan  
Yu-Wei Chen, The University of Sydney, Australia |

## The Effectiveness of “Road Running” for People with Severe Mental Illness: A Pilot Program

**Wan-Ju Huang**, Jianan Psychiatric Center, Ministry of Health and Welfare, Taiwan

| GC1-2 | Survey of Seasonal Life Rhythm; Collaboration between Japan and Thailand  
Yu Kume, Akita University, Japan |

## Effects of an Occupational Therapy Group Program Utilizing the Method of “Drawing One’S Inner Weather” for Psychiatric Day Care Users

**Sachina Komikado**, Tokyo Metropolitan University, Japan

| GC1-3 | Partners’ Functional Disability and Community Activity in Elderly Japanese: The Ohsaki Cohort 2006 Study  
Sachina Komikado, Tokyo Metropolitan University, Japan |

## The Use of Arts for the Mentally-Illed Clients

**Yijou Cheng**, Kaohsiung Medical University, Taiwan

| GC1-5 | Effect of Exercise on Dementia-related Wandering Behavior—A Literature Review  
Kawasaki University of Medical Welfare, Japan |
GC1-9  Comparison of Hope, Meaning in Life and Depression among the Elderly at Thammapakorn Social Welfare Development Center for Older Persons in Chiang Mai

Wilaiwan Maneechak Snow, Chiang-Mai University, Thailand

GC1-10  Cognitive Profile of Patients with Dementia: 3 year Longitudinal Review

Daisy Ma, Caritas Medical Centre, Hong Kong

GC1-11  A Pilot Study to Increase the Narratives of Elderly People with Dementia by Pre-Learning Their Historical Background of Subjects

Tomoaki Asano, Tohoku Bunka Gakuen University, Japan

GC1-12  A Systematic Review of Randomized Controlled Trials of Center-based Physical Activity Interventions among Frail Older Adults

Yi-Chang Chen, National Taiwan University, Taiwan

GC1-13  Differences in Patterns of Leisure Participation between Non-Frail and Frail Older Adults Dwelling in Community

Chiayu Chang, National Taiwan University, Taiwan

GC1-14  Process to Develop an Observational Assessment of Occupational Engagement for Clients with Dementia

Masahiro Ogawa, Kyoto University, Japan

GC1-15  The Effect of Doll Therapy on Elderly with Dementia

Shizuka Yuhara, Sendai Tomizawa Hospital, Japan

GC1-16  Coordinated Attempts by a Japanese Non-Profit Organization and Regional Municipalities to Prevent Locomotive Syndrome in the Elderly: Specific Activities and Future Challenges

Kaori Ohmachi, Nagano University Of Health And Medicine, Japan

GC1-17  Variation in Clinical Factors Associated with Performance-Based and Informant Rated Instrumental Activities of Daily Living Impairment in Alzheimer’s Disease

Hung-Chia Huang, Kaohsiung Medical University, Taiwan

GC1-18  Effect of Life Satisfaction on the Health of Family Caregiver

Takashi Nagai, Heisei College of Health Sciences, Japan

GC1-19  Difficulty and Change of Sub-Items of the Dementia Behavior Disturbance Scale in Patients with Alzheimer-Type Dementia

Aki Watanabe, Kitasato University, Japan

GC1-20  Comparison of the Balance Ability of the Elderly Using Walkers/Shopping Carts and Outpatient Care Facilities

Eiji Kitajima, International University of Health and Welfare, Japan
Community Service

CS1-1 Significance of A Women’s Meeting Consisting of People with Higher Brain Dysfunction and Their Family
Michiko Ishimoto, Kochi Rehabilitation Institute, Japan

CS1-2 Community Health Care system in Providing Assistive Technology and Services for Persons with Disabilities
Supawadee Putthinoi, Chiang Mai University, Thailand

CS1-4 Implementation of Occupational Therapy for Preventing Fall of Progressive Supranuclear Palsy (PSP) Patients under The Long-Term Care Insurance System - on Support for Home-Visit Rehabilitation in Japan
Akira Masuo, Nagoya College of Medical Health and Sports, Japan

CS1-5 Effect of the Management Tool for Daily Life Performance on subjective assessments of care managers in care management of stroke patients after discharge
Kazuaki Iokawa, Fukushima Medical University, Japan

CS1-6 The Role of Occupational Therapists in Civic Activities in an Aging Society
Rumi Sunohara, Nagano University of Health and Medicine, Japan

CS1-7 Potential Benefits of Supportive Intervention on Improving Activities of Daily Living for Patients with Alzheimer’s Disease and Quality of Lives of The Caregivers

Work and Industry

WI1-1 Enabling Work: Occupational Therapy Interventions for Persons with Occupational Injuries and Diseases - A Scoping Review
Kenneth Matthew Beltran, University of the Philippines - Manila, Philippines

WI1-2 Factors Affecting Employment Outcomes for People with Occupational Injuries and Illnesses Who Received Occupational Rehabilitation Services
Yi-Cheng Lin, National Taiwan University Hospital, Taiwan / Sheau-Ling Huang, National Taiwan University, Taiwan

WI1-3 The Quality Of Life and Occupational Performance for Chronic Patients with Schizophrenia after Occupational Work Training
Shu-Qi Li, Yuli Hospital, Ministry of Health and Welfare, Taiwan / San-Ping Wang, Yuli Hospital,
Ministry of Health and Welfare, Taiwan

WI1-4 Musculoskeletal Discomfort, Work Stress and Quality of Life between Packaging Workers with Day-Shift and Overnight-Shift
Shang-Yu Yang, National Cheng Kung University, Taiwan

WI1-5 Factors Associated with Employment of Disable People
Li-Ying Lee, National Cheng Kung University, Taiwan

WI1-6 Hypersensitivity with Autism Could Be Occupational Strengths ～The Story of Becoming to a Sushi Chef～
Munyuki Nakachi, NSP Co., Ltd, Japan

School-Based Practice

SB1-1 Self-Care Performances of Preschool Children in Community Schools
Suchitporn Lersilp, Chiang Mai University, Thailand

SB1-2 Joint Work with Teachers
Sachiko Bitou, Japan Occupational Therapy Association, Japan

Education in Occupational Therapy

EO1-1 Design an Occupational Therapy Training Program for a Mental Health Manpower Shortage Region – A Pilot Mental Hospital Collaboration between Indonesia and Taiwan
Kuan Wei Chen, Kaohsiung Kai-Suan Psychiatric Hospital, Taiwan

EO1-2 Effectiveness of Applying Situated Simulation-Based Teaching Strategy in learning Pediatric Occupational Therapy Curriculum

EO1-3 Readiness of Health Science Students in Angeles University Foundation towards Interprofessional Learning (IPL)
Michael Sy, Angeles University Foundation, Philippines

EO1-4 Changes of Anxiety and Adjustability Related to Practical Placement of Occupational Therapy Students through Quasi Clinical Clerkship on Campus
Reiko Miyamoto, Tokyo Metropolitan University, Taiwan

EO1-5 Effective Strategies of Supervision in Clinical Fieldwork in Acute Physical Hospital Settings
Yuya Sakaguchi, Hyogo University of Health Sciences, Japan

EO1-6 Perspectives on Occupational Therapy Fieldwork Education from Clinical Teachers and Students
Jer-Hao Chang, National Cheng Kung University, Taiwan

EO1-7 The Related Factors Influence Quality of Life in Occupational Therapy Graduate Students
Yi-Tzu Li, Kaohsiung Medical University, Taiwan / Yi-Fang Wu, Kaohsiung Medical University, Taiwan

EO1-8 The Influence of Academic Ethics and Integrity Curriculum to Occupational Therapy Students

Cha-Hui Hung, Jenteh Junior College of Medicine, Nursing and Management, Taiwan

### Session B: October 22nd (Sun.)

#### Child and Adolescents

**CA2-2**  
Modified Advancing Social-communication And Play (ASAP): A Pilot study  
*Sheau-Jing Hsiao, National Taiwan University Hospital, Taiwan*

**CA2-3**  
*Jumpei Oba, Kobe Gakuin University, Japan*

**CA2-4**  
The Psychometric Properties of Dynamic Occupational Therapy Cognitive Assessment for Children (DOTCA-Ch ) in Attention-Deficit Hyperactivity Disorder (ADHD)  
*Ching-Han Chang, Kaohsiung Medical University, Taiwan*

**CA2-5**  
The Strategies of Occupational Therapists Implementing Family-Centereded Approach  
*Hsin Pei Huang, National Taipei University of Education, Taiwan*

**CA2-6**  
The Effect of Early-Life Voluntary Exercise on Stress-Induced Task: Enlightenment from the Experimental Rat Model  
*Hsin-Yung Chen, Chang Gung University, Taiwan*

**CA2-7**  
Leisure Participation in Preschool Children with Autism Apectrum Disorder: Relationship with Social Skills, Autism Severity and Emotional and Behavioral Problems  
*Mei-Hui Tseng, National Taiwan University, Taiwan / Wei-Ting Chien, National Taiwan University, Taiwan*

**CA2-8**  
The Impacts of Children’s Autistic Characteristics: Caregiver’s and Clinician’s Perspectives on Emotional and Behavioral Problems  
*Chien-Yu Huang, I-Shou University, Taiwan*

**CA2-9**  
Associations between Child Problem Behavior, Family Support, and Maternal Parenting Stress  
*Tzu-Hua Ho, Asia University, Taiwan*

**CA2-10**  
The Review of the Sleep Problems and Intervention Effects in Children with Attention Deficit Hyperactivity Disorder  
*Tzu-Han Su, I-Shou University, Taiwan*

**CA2-11**  
Creating the Onomatopoeia for Rope-Jumping and Verifying Its Effects in Kindergarten Children  
*Sayaka Kimura, Tohoku Bunka Gakuen University, Japan*

**CA2-12**  
Evaluation of ADL before and after Mobilization of Congenital Radio-Ulnar Synostosis  
*Wakako Miyagi, University of the Ryukyus, Japan*

**CA2-13**  
Different Sensory Conditions Affect Reach-to-Grasp in Children 5-6 years with Developmental Coordination Disorder  
*Hsiu-Ching Yang, National Cheng Kung University Hospital, Taiwan*

**The 1st Asia-Pacific Occupational Therapy Symposium**

2017 / 10 / 20th – 10 / 22nd

Taoyuan, Taiwan

Contextualizing Occupational Therapy: Research, Practice, and Education
Bin-Huei Shih, National Cheng Kung University, Taiwan

GC2-17 The Protocol of Cognitive Promotion Group for Dementia
Ching-Han Chang, Kaohsiung Medical University, Taiwan / Hung-Chia Huang, Kaohsiung Medical University, Taiwan

Cheng-Huei Shih, National Cheng Kung University, Taiwan

GC2-18 Examining Factors Related to Reminiscence in the Daily Lives of the Elderly — with Focus on Memory Triggers —
Tomoka Fuchigami, Hiroshima University, Japan

GC2-19 A Qualitative Exploration of the Private Long-Term Care Facilities' Satisfaction towards Service Accreditation in Kaohsiung
Yi-Shiou Ruan, Kaohsiung Veterans General Hospital, Taiwan

Community Service

CS2-1 Discussion and Reflection on Rehabilitation Demands, Motivations and Predicaments in Rural Area of Kaohsiung City in Taiwan
Kuang-Ling Ko, Kaohsiung Chang Gung Memorial Hospital, Taiwan

CS2-2 Accessible Home Modifications — Taking Brick Bungalow ("San-Ho-Yuan") for Example
Wei-Wen Cheng, Social Affairs Bureau of Chiayi County, Taiwan

CS2-3 Taking Part in an NGO Organization (SVCA: The Support of Vietnam Children Association) as Occupational Therapist

Yoshiyuki Ako, SVCA: The Support of Vietnam Children Association, Japan

CS2-4 Possibility and Challenges of Occupational Therapy toward Health Promotion - We Participate in Efforts with Local Residents at Our Corporation
Kanae Kurata, Medical Corporation Meinankai, Japan

CS2-5 A Survey for Awareness of Community-Based Occupational Therapy among Chiayi Residents in Taiwan
Ting-Jung Wei, Chiayi City Occupational Therapy Association, Taiwan

CS2-6 Meaningful Occupations for Individuals with Dementia through a Shopping Board Game: A Study Protocol
Ming-Yin Tsai, St. Martin De Porres Hospital, Taiwan

CS2-7 Effects of Interactive Metronome(IM) Training on Balance, Fall Efficacy, and Cognitive Function of Community-Dwelling Older Adults
Sangmi Park, Yonsei University, Korea

CS2-8 Occupational Therapy Services in the Aboriginal Villages
Hsuan-Yi Lin, Taitung St. Mary's Hospital, Taiwan

CS2-9 Meaningful Occupations For Individuals with Dementia through a Puzzle Game: A Study Protocol
Ming-Yin Tsai, St. Martin De Porres Hospital, Taiwan
