Oral Presentation:

October 21st (Sat.)

A1: Child and Adolescent
Time: 16:00-17:30, October 21st (Sat.)
Room: C202
Moderators:

Tien-Ni Wang, National Taiwan University, Taiwan
Ling-Yi Lin, National Cheng Kung University, Taiwan

A1-1 Variables Associated with Shift of Responsibility for Daily Tasks from Parents to Their Children with and without Disabilities
Ying-Chia Kao, Asia University, Taiwan

A1-2 Motor Learning Curve of Home-Based Constraint-Induced Therapy in Children with Cerebral Palsy
Kuo-Lun Huang, National Taiwan University, Taiwan

A1-3 The Effects of Working Memory Training on Children Born Very Preterm
Clara Lee, The Hong Kong Polytechnic University, Hong Kong

Charmaine Pei Chee, Ooi, National University Hospital, Singapore

A1-5 Environment with Background Music and Autonomic Responses in Neonatal Intensive and Growing Care Units

A2: Physical Dysfunction (Stroke)
Time: 16:00-17:30, October 21st (Sat.)
Room: C208
Moderators:

Kenneth Fong, The Hong Kong Polytechnic University, Hong Kong
Hu-Ing Ma, National Cheng Kung University, Taiwan

A2-1 Role of Robotic Therapy as Part of Multi-Interventions for Severe-to-Moderate Arm Deficit in Chronic Stroke Patients
Kayoko Takahashi, Kitasato University, Japan

A2-2 Is a Restrain Mitten Safety Protection Devise? ~A Pilot Study for the Negative Effects on Restrain Mitten for Acute Patients
Takenori Jimbo, Kitasato University Hospital, Japan

Yoko Hasegawa, Nagoya University, Japan

A1-6 Enabling Socioemotional Performance of Pre-Schoolers in Singapore through Parental Floortime Coaching: Two Case Reports
Emily Koh, National University Hospital, Singapore

A1-7 Moving & Living from the Inner Core: Integrating Alternative Health Principles to Improve and Support Occupational Performance
Shuling Wu, Stony Brook University, United States.

A1-5 Environment with Background Music and Autonomic Responses in Neonatal Intensive and Growing Care Units

Emily Koh, National University Hospital, Singapore
A2-3 The Effects of Mirror Therapy vs Bilateral Arm Training for Hemiplegic Upper Extremity Motor Functions in Patients with Chronic Stroke
Kenneth Fong, The Hong Kong Polytechnic University, Hong Kong

A2-4 The Effect of Spatio-Temporal Task Constraints on Reaching Performance in Patients with Stroke
Hsiao-Chieh Pan, Taipei Hospital; National Cheng Kung University, Taiwan

A2-5 The Effectiveness of Pressure Garment in Improving Upper Extremity Function among Stroke Patients: A Preliminary Analysis
Hwa Kee Ooi, The National University of Malaysia (UKM), Malaysia

A2-6 Determining the Key Elements of Stepping on after Stroke Falls Prevention Program for Community Stroke Survivors: Modified Delphi Study
Tianma Xu, University of Sydney, Australia

A2-7 Self-Efficacy and Health-Related Outcomes in Community Stroke Clients
Yan-hua Huang, Rachel Miles, Maya Lazar, California State University, Dominguez Hills, United States

A3: Mental Health
Time: 16:00-17:30, October 21st (Sat.)
Room: C209
Moderators:
Terry Krupa, Queen's University, Canada
Shu-Mei Wang, The Hong Kong Polytechnic University, Hong Kong

A3-1 Associations between Physical Fitness and Cognitive Performance in Patients with Schizophrenia
Julie Hao, Tsaotun Psychiatric Center, Ministry of Health and Welfare, Taiwan

A3-2 A Pilot Study of the Effectiveness of CBT on Psychiatric Home-Visit Nursing for Patients with Schizophrenia
Masayuki Katsushima, Teikyo Heisei University, Japan

A3-3 Recovery Oriented Practice (ROP) and Beyond in Kowloon East Cluster (KEC) Psychiatric Services – 5 Year Experiences
Ka Yan Kason Wong, United Christian Hospital, Hong Kong Hospital Authority, Hong Kong

A3-4 Evaluating Outcomes of a Recovery-Oriented Occupational Therapy Programme
Tan Bhing Leet, Singapore Institute of Technology, Singapore

A3-5 The Role of Filipino Occupational Therapists in Drug Rehabilitation
Michael Sy, Tokyo Metropolitan University, Japan

A3-6 Significance for People with Mental
Health Problems of Being Engaged in Competitive Sports
Hideki Yarita, Teikyo Heisei University, Japan

A4-1 One Year Experience of Home-Based Rehabilitation Services in a Community Hospital
Fiona Pei-Chi SU, St. Joseph Hospital Kaohsiung, Taiwan

A4-2 How Do Japanese Occupational Therapists Support Elderly Living in Their Familiar Areas?
Nobuhiro Nara, Tokyo University of Technology, Japan

A4-3 Needs for Persons with Disability to Live in Karen’s Village Community in Myanmar—Interview Analysis by CBR Matrix—
Makoto Kono, International University of Health & Welfare, Japan

A4: Community Service
Time: 16:00-17:30, October 21st (Sat.)
Room: C211
Moderators:
Madeleine Duncan, University of Cape Town, South Africa
Florence Cheong, Tan Tock Seng Hospital, Singapore

A4-4 The Current Rehabilitation Models in the Indigenous and Rural Areas
Hsin-Yi Lee, Taipei Medical University, Taiwan

A4-5 Contextual Barriers of Social Participation in Veterans with Spinal Cord Injuries. An Iranian Qualitative Study
Mohammad Khayatzadeh-Mahani, Ahvaz Jundishapur University of Medical Sciences, Iran

A4-6 Participatory Research: A Strategy for Disability Inclusive Development
Madeleine Duncan, University of Cape Town, South Africa

A4-7 The Project of Self-Help tableware with local Traditional Arts and Crafts in Japan; A Collaboration between Eating Culture and Occupational Therapy
Akiko Hanai, Kyoto University, Japan

A5: Education in Occupational Therapy (Exchange Student)
Time: 16:00-17:30, October 21st (Sat.)
Room: C212
Moderators:
Sok Mui, May Lim, Singapore Institute of Technology, Singapore
Chia-Ting Su, Fu Jen Catholic University, Taiwan

A5-1 The Cross-Cultural Learning Experiences in Japan for Taiwan Students
Yingchun Chou, Kaohsiung Medical University, Taiwan

A5-2 Preparation for Working in Culturally

**B1: Child and Adolescent (Autism Spectrum Disorder)**

**Time:** 17:30-18:30, October 21st (Sat.)
**Room:** C202

**Moderators:**
Fengyi-Kuo, Indiana University, United States
Tan Bhing Leet, Singapore Institute of Technology, Singapore

**B1-1**
Identifying Cognitive Correlates of Social Interactions in Children with Autistic Disorder and Asperger Syndrome | Szu Shen Lai, Taoyuan Chang Gung Memorial Hospital, Taiwan

**B1-2**
Quality of Friendship, Social Network, and Social Participation in Adolescents with Autism Spectrum Disorders in Taiwan | Yu Chien Chang, National Cheng Kung University, Taiwan

**B1-3**
Development of Tool-Use Actions in Pre-School Children with Autism Spectrum Disorder | Misako Sano, National Rehabilitation Center for Persons with Disabilities, Japan

**B1-4**
A Survey-Based Study Examining Occupational Therapists’ Perspectives on Motor Impairment in Children with Autism Spectrum Disorder | Hannah Loh, Institute of Mental Health, Singapore

**B1-5**
Early Screening, Diagnosis and Intervention of Autism: An Inter-Disciplinary Team Approach | Fengyi Kuo, Indiana University, United States
B2: Physical Dysfunction (SCI and Wheelchair)
Time: 17:30-18:30, October 21st (Sat.)
Room: C208
Moderators:
Hui-Fen Mao, National Taiwan University, Taiwan
Li-Chieh Kuo, National Cheng Kung University, Taiwan

B2-1 Stationary Wheelie Balancing Control by an Inverted Pendulum Model
Wei-Chien Fang, Kaohsiung Municipal United Hospital, Taiwan

B2-2 Effect of a High Rolling-Resistance Training Method for Learning the Wheelchair Wheelie Skill: A Randomized Controlled Trial
Yu-Sheng Yang, Kaohsiung Medical University, Taiwan

B2-3 Quality of Life in Primary Caregivers of Spinal Cord Injured Individuals and Its Related Factors
Yihsuan Wu, National Taiwan University Hospital, Taiwan

B2-4 Effect of Trunk Support from the Front on Upper Extremity Function in Healthy People
Junya Hirata, Kawasaki University of Medical Welfare, Japan

B2-5 Development and Evaluation of Cognitive “MaxMind” Program in Elder Care Centre
Jiancai Zhang, Tan Tock Seng Hospital, Singapore

B3: Geriatric Care (Model and Others)
Time: 17:30-18:30, October 21st (Sat.)
Room: C209
Moderators:
Anne Dickerson, East Carolina University, United States
Miho W. Yoshida, Incorporated Association International Network for Environment and Humanitarian Cooperation, Japan

B3-1 Effect of Role Transition on Self Concept in Elder People
Jia Ming Lim, Wen Hsin Chen, Yi Ting Huang, Yu-Chi Hsu, Pei-Hsuan Kao, Kaohsiung Medical University, Taiwan

B3-2 Effect of Multisensory Stimulation on Upper Extremity Motor Recovery and Functional Status in Stroke Patients: A Pilot Trial
Ray Li, TWGHs Wong Tai Sin Hospital, Hospital Authority, Hong Kong

B3-3 Characteristics of Child Rearing and Elderly Care Based on the Difficulties Faced by Healthy Women
Aiko Hoshino, Nagoya University, Japan

B3-4 Chinese Seniors: Communicating with Health Professionals
Linda Robertson, Otago Polytechnic, New Zealand

B3-5 A Cost-Benefit Analysis on Home Environmental Intervention Program for Elderly Home Owners in Hong Kong
Pan Ching Sze, Hong Kong Housing Society, Hong Kong
**B4: Assessment and Evaluation (Mainly Physical)**

Time: 17:30-18:30, October 21st (Sat.)
Room: C211
Moderators:
Setsuko Yamasaki, Hyogo University of Health Sciences, Japan
Shu-Ping Chen, University of Alberta, Canada

**B4-1** Development of a Scale for Evaluating Arm Function in a Wheelchair (Wheelchair Seating Arm Function Test, WS-AFT)
Tadahiko Kamegaya, Gunma University, Japan

**B4-2** Cross-Cultural Adaptation and Psychometric Evaluation of the Singapore Version of the Chedoke Arm and Hand Activity Inventory
Silvana Choo, McMaster University, Canada

**B4-3** Assessing Social Function in Patients with Stroke by Computerized Adaptive Testing
Shih-Chieh Lee, National Taiwan University, Taiwan

**B4-4** How to Measure Participation: Introducing a Newly-developed Rehabilitation Outcome Measure
Feng-Hang Chang, Taipei Medical University, Taiwan

**B4-5** Validation of the Visual Impairment Versions of the Cantonese Mini-Mental State Examination (CMMSE-VI) and the Hong Kong Montreal Cognitive Assessment (HKMoCA-VI)

**B5: Application of Innovative Technology**

Time: 17:30-18:30, October 21st (Sat.)
Room: C212
Moderators:
Hao-Ling Chen, National Taiwan University, Taiwan
I-Hsuan Shen, Chang Gung University, Taiwan

**B5-1** The Impact of Emotional Context on the Brain Activations of Respiratory Sensation: An fMRI Study
Yu-Ting Wu, Chang Gung University, Taiwan

**B5-2** Development of iPad Applications for Promoting Shared Decision-Making in Goal-Setting: Aid for Decision-Making in Occupation Choice (ADOC) Series
Kounosuke Tomori, Tokyo University of Technology, Japan

**B5-3** Functional Inter-Cortical Connectivity among Motor-Related Cortices during Motor Imagery: A Magnetoencephalographic Study
Yota Obayashi, Nagoya University, Japan

**B5-4** An Evaluation of the Accuracy of Installation and Effectiveness of Home Modifications Prescribed by Occupational Therapists: Perspectives of Clients
Wai Chu Lau, Monash University, Australia

**B5-5** Effectiveness of Occupational Therapy
Counseling for Patients with Cerebrovascular Disorder
Nobuo Ohshima, Tokyo Metropolitan University, Japan

Cross-Strait Forum
*The session will be fully conducted in Chinese.
Time: 17:30-18:30, October 21st (Sat.)
Room: C107
Moderators:
Jie Jia, Fudan University, Huashan Hospital, China
Yanning Yan, Hebei General Hospital, China

Speech: 手功能康復在中國
Speaker: Jie Jia, Fudan University, Huashan Hospital, China

CS-01 使用 3D 全景照片與家訪對家庭環境評估的一致性研究
Qian Chen, Kunming Medical University, China

CS-02 中國大陸作業治療的現狀與前景
Yan Yanning, Hebei General Hospital, China

CS-03 Community-Based Inclusive Development for Children with Disabilities in Chinese Communities
Eva Yin-Han Chung, The Education University of Hong Kong, Hong Kong

CS-04 Novel Mirror Visual Feedback Training in Stroke Patients
Jie Jia, Li Ding, Huashan Hospital, China

CS-05 Reference Ranges Using Bioimpedance for Detection of Lymphedema in Chinese Women
Jie Jia, He-Wei Wang, Fudan University, China

CS-06 A Multi-Dimensional Visual Hand Function Rehabilitation Quantitative Assessment Method in Stroke
Shugeng Chen, Huashan Hospital, Fudan University, China

CS-07 The Evolution of Occupational Therapy as a Profession in the People’s Republic of China
Mengan Cao, LIH Olivia’s Place, China
October 22nd (Sun.)

C1: Work Industry
Time: 15:00-16:00, October 22nd (Sun.)
Room: C202
Moderators:
Ming-De Chen, Kaohsiung Medical University, Taiwan
Jer-Hao Chang, National Cheng Kung University, Taiwan

C1-1 The Predictive Model of Employment Status for Persons with Bipolar Disorder Based on ICF
Shu-Jen Lu, National Taiwan University, Taiwan

C1-2 Survey of Therapist’s Perspective on RTW Factors after Musculoskeletal Work Injuries
Na Liu, Guangdong Provincial Work Injury Rehabilitation Hospital, China

C1-3 Qigong for Chronic Pain Workers, a Local Practice in Hong Kong
Hon Wai Lam, Tuen Mun Hospital, Hong Kong

C1-4 Ergonomics Intervention for Prolonged Computer Users in Kowloon West Cluster of Hospital Authority of Hong Kong Special Administrative Region
Shun Lung, Stanley Chau, Occupational Therapy dept., Kowloon West Cluster, Hong Kong

C2: Geriatric Care
Time: 15:00-16:00, October 22nd (Sun.)
Room: C208
Moderators:
Po-Yu Chen, Chang Gung University, Taiwan
Chih-Wen Wang, Tohoku Bunka Galuen University, Japan

C2-1 Association of Light Exposure Intensity with the Quality of Sleep and Behavioral Symptoms in Chinese Patients with Alzheimer’s Disease
Wai Ming Albert Luk, The University of Hong Kong, Hong Kong

C2-2 Evaluation of an Occupational Therapy Students Led Memory Training for Older Persons with Mild Cognitive Impairment (MCI) in Hong Kong
Chiu Lun Yu, HKCWC Madam Wong Chan Sook Ying Memorial Care and Attention Home for the Aged, Hong Kong

C2-3 Validation of Vision-Dependent Activities of Daily Living (ADL) Instrument for Elderly with Visual Impairment in Hong Kong
Calvin Chi Kong Yip, Tung Wah College, Hong Kong

C2-4 Validation of the Cantonese Version of Dementia Quality of Life Measure (DEMQoL) and DEMQoL-Proxy
Chih Chien Michael Kuo, Tung Wah College, Hong Kong
**C3: Assessment and Evaluation**

**Time:** 15:00-16:00, October 22nd (Sun.)

**Room:** C209

**Moderators:**

*Chung-Ying Lin*, The Hong Kong Polytechnic University, Hong Kong  
*Kayoko Takahashi*, Kitasato University, Japan

**C3-1**  Behavioural and Autonomic Regulation of Response to Sensory Stimuli among Children: A Systematic Review of Relationship and Methodology  
*Ivan Neil Gomez*, The Hong Kong Polytechnic University, Hong Kong

**C3-2**  Clinical Utility of the Young Children’s Participation and Environment Measure (YC-PEM) (Singapore) for Children with Developmental Needs  
*Chun Yi Lim*, KK Women’s and Children’s Hospital, Singapore

**C3-3**  Impulsivity and hazard perception ability of substance abusers in driving: A matched controlled study  
*Andy S.K. Cheng*, The Hong Kong Polytechnic University, Hong Kong

**C3-4**  The associations between the cognitive skills, functional performance, and estimated length of stay of patients in a sub-acute setting  
*Sze Tim Sonia Yu*, Monash University, Australia

**C3-5**  COMPARING SENSORY PROCESSING ABILITIES OF AGE-MATCHED TYPICAL AND ATYPICAL CHILDREN IN PAKISTAN  
*Syeda Jawaria*, Institute of Physical Medicine & Rehabilitation Do, Pakistan

---

**C4: Disaster Management**

**Time:** 15:00-16:00, October 22nd (Sun.)

**Room:** C211

**Moderators:**

*Kit Sinclair*, World Federation of Occupational Therapists, Hong Kong  
*Kiyoshi Ishii*, International University of Health and Welfare, Japan

**C4-1**  The Study of Syrian Refugee with Disability in Turkey  
*Kiyoshi Ishii*, International University of Health and Welfare, Japan

**C4-2**  Think about What OT Can Do for Disabled Refugees and Families in the World  
*Miho W. Yoshida*, Incorporated Association International Network for Environment and Humanitarian Cooperation, Japan

**C4-3**  The Role of Occupational Therapy in Disaster Risk Reduction and Response Management: A Narrative Experience of 2016 Kumamoto Earthquake  
*Akira Teramura*, Osaka Isen College of Medical Care &welfare, Japan

**C4-4**  From Small Islet Dwelling to Village Dwelling  
*Kit Sinclair*, World Federation of Occupational Therapists, Hong Kong / *Minnie Lagria*, M.A.R.C.H. for Chris, Philippines

**C4-5**  ‘Quality of Life’ of Person with Disabilities: An Assessment in Selected Flood Prone Areas of Bangladesh  
*Mir Hasan Shakil Mahmud*, Centre for the Rehabilitation of the Paralysed,
C5: Occupation: Theory and Practice

Time: 15:00-16:00, October 22\textsuperscript{nd} (Sun.)
Room: C212
Moderators:
\textit{Shih-Chen Fan}, I-Shou University, Taiwan
\textit{Chang-Chih Kuo}, Kaohsiung Medical University, Taiwan

C5-1 Examining Social Inclusion through an Occupation-Based Lens: A Malaysian Chinese Case Study
\textit{Ter Fu Teoh}, University of Salford, United Kingdom

C5-2 Doing, Being, Becoming, Belonging: An Exploration of How "Occupation" is Interpreted from a Malaysian Chinese Perspective.
\textit{Ter Fu Teoh}, University of Salford, United Kingdom

C5-3 Exploring International Research Priorities for Occupational Therapy
\textit{Lynette Mackenzie}, University of Sydney, Australia

C5-4 Occupation Centered Practice: Singapore Occupational Therapists’ Perceptions and Experiences in an Acute Hospital
\textit{Wai Yin, Yetta Chan}, Singapore General Hospital, Singapore

C5-5 Understanding the Influence of Cultural Perspectives on the Meaning of Occupation
\textit{Madeleine Duncan}, University of Cape Town, South Africa

D1: Child and Adolescent

Time: 16:00-17:30, October 22\textsuperscript{nd} (Sun.)
Room: C202
Moderators:
\textit{Mei-Hui Tseng}, National Taiwan University, Taiwan
\textit{Shao-Hsia Chang}, I-Shou University, Taiwan

D1-1 Environmental Influence on the Autonomic Regulation of Response towards Sensory Stimuli in Children
\textit{Ivan Neil Gomez}, The Hong Kong Polytechnic University, Hong Kong

D1-2 The Relationship between Behavioural and Autonomic Regulation of Response to Sensory Stimuli in Children
\textit{Ivan Neil Gomez}, The Hong Kong Polytechnic University, Hong Kong

D1-3 The Effects of Working Memory Training in Children with Attention-Deficit/Hyperactivity Disorder
\textit{Ya-Ting Yang}, Chang Gung University, Taiwan

D1-4 Association of Chinese Handwriting Legibility between Subjectively Teacher-Scored and Objectively Computer-Scored Assessments in School-Aged Children
\textit{Wen-Feng Huang}, National Taiwan University, Taiwan

D1-5 To Compare the Effectiveness of Simplified Teaching Method on Improving Pre-Writing Skills in
D2: Physical Dysfunction (Ortho and DM)

Time: 16:00-17:30, October 22nd (Sun.)

Room: C208

Moderators:

Patrick Ker, Singapore General Hospital, Singapore

Ying-Chun Chou, Kaohsiung Medical University, Taiwan-1

D2-1 Occupational Therapy Intervention in Hand Transplantation - the First Case in Taiwan

Jui-Kun Chang, Kaohsiung Chang Gung Memorial Hospital, Taiwan

D2-2 Effects of Cryotherapy on Chemotherapy-Induced Peripheral Neuropathy in Breast Cancer Patients:

Akiko Hanai, Tokyo University of science, Japan

D2-3 Stepping into the New Future: Occupational Therapy Journey in Renal Care in Singapore

Chuan Hui Stella, Liew, Tan Tock Seng Hospital, Singapore

D2-4 Empowering Patients on Dialysis for Meaningful Occupation in Singapore – An Exploratory Study

Chuan Hui Stella, Liew, Tan Tock Seng Hospital, Singapore

D2-5 Randomized Clinical Trial: Outcomes of Proximal Interphalangeal Joint (PIPJ) versus Metacarpal Phalangeal joint (MCPJ) Blocking Splint in the Treatment of Trigger Digit

Dinnie Ng, Tan Tock Seng Hospital, Singapore

D2-6 Occupational Aesthetics: Improving the Quality of Occupation Based Interventions by Addressing Specific Practice Challenges Related to Globalization and Modernization

Shuling Wu, Stony Brook University, United States

D2-7 Developing Simulations and Standardized Patients Encounters (SPEs) that Maximize Practice Competency Skills in Occupational Therapy Students

Shuling Wu, Stony Brook University, United States
**D3: Occupation: Theory and Practice**

**Time:** 16:00-17:30, October 22nd (Sun.)

**Room:** C209

**Moderators:**
- Wen-Chou Chi, Chung Shan Medical University, Taiwan
- Ay-Woan Pan, National Taiwan University, Taiwan

**D3-1** Quality of Life and Self-Stigma in Children with Specific Learning Disabilities Who Live under Academic-Oriented Culture
- Chung-Ying Lin, The Hong Kong Polytechnic University, Hong Kong

**D3-2** Community Re-Integration Service Program (CRISP) - A Model of Personalized Community-Based Psychosocial Rehabilitation with the Individual Community Recovery Trip (ICRT)
- Shu-Mei Chan, Tsaotun Psychiatric Center, Ministry of Health and Welfare, Taiwan

**D3-3** Employment Outcomes after Vocational Training for Individuals with Chronic Psychiatric Disorders: A Multicenter Study
- Hui-Ling Lee, Tsaotun Psychiatric Center, Ministry of Health and Welfare, Taiwan

**D3-4** The Factors Affecting Employment for Chronic Psychiatric Patients in a Community Rehabilitation Center
- Wen-Fang Chuang, Tsaotun Psychiatric Center, Ministry of Health and Welfare, Taiwan

**D3-5** The Influence of Safety Climate on Safety Performance in Hospital
- Muthuraman Sellathurai Pathar, Universiti Utara Malaysia, Malaysia

**D3-6** Benefits of Occupational Therapy for Children with Intellectual Disability in the Aspects of Vocational Activities and Instrumental Activities of Daily Life
- Shakhawath Hossain, Bangladesh Health Profession Institute (BHPI), Bangladesh

**D4: Education in Occupational Therapy (Global Perspective)**

**Time:** 16:00-17:30, October 22nd (Sun.)

**Room:** C211

**Moderators:**
- Keh-Chung Lin, National Taiwan University, Taiwan
- Pei-Fen Chang, Texas Woman's University, United States

**D4-1** Reliability and Validity of the OSCE Rating Scale of the Parent Education for Tactile Defensiveness
- Chung I Lu, Jiang-Tsun United Clinic, Taiwan

**D4-2** Occupational Therapy Students Assembly: Preparing Filipino Occupational Therapy Students for Professional Life
- Charles Marlon Francisco, Occupational Therapy Students Assembly, Philippines

**D4-3** An Intervention Using a Wheelchair Incorporating Pelvic Support for Elderly Disabled Individuals Living at...
Home

D4-4
Investigating Critical Thinking and Resilience Among Occupational Therapy Students
Tan Bhing Leet, Singapore Institute of Technology, Singapore

D4-5
Attitudes toward People with Mental Illness, Physical Disabilities, and Emotional Behavioral Problems in Occupational Therapy Students
Hui-Ing Ma, National Cheng Kung University, Taiwan

D4-6
Learning Style Preference Among Occupational Therapy Students in Bangladesh
Shamima Akter, Bangladesh Health Professions Institute, Bangladesh

D4-7
Contextual Barriers of Implementing Occupation Based Practice in Iran: A Qualitative Study
Mohammad Khayatzadeh-Mahani, Musculoskeletal Rehabilitation Research Center, Iran

D5-1
Effects of Group Constraint-Induced Movement Therapy to Promote Upper Extremity Motor Function for People with Subacute Stroke
Aiqun He, Guangdong Work Injury Rehabilitation Hospital, China

D5-2
The Influence of a Lifestyle Modification Class on Taiwanese Older Adults’ Occupational Participation
Tzu-Hsuan Tseng, Kaohsiung Medical University, Taiwan

D5-3
Duration of Effect of Acute Exercise on Cognitive Performance
Setsuko Yamasaki, Hyogo University of Health Sciences, Japan

D5-4
Intra-Individual Variability In Vocational Tasks of People with Cognitive dysfunctions in recovery Process
Haruko Kashiwagi, Nagoya University, Japan

D5-5
Sensory Cueing Combined with Task-Specific Training to Promote Upper Limb Functional Performance for People with Stroke
Jingbo Li, Guangdong Work Injury Rehabilitation Hospital, China

D5-6
Stationary Wheelie Balancing with Corrective Actions
Yu-Sheng Yang, Kaohsiung Medical University, Taiwan
